

OSHA ♦ MSHA ♦ DOT ♦ EPA Training & Consulting

ASSE Region II Student Chapter Members

Let us help you build a resumé that combines academia with the real world of Occupational Safety and Health.

Since 1993, ETC Compliance Solutions has provided safety and environmental training and consulting services throughout Arizona, the United States, Canada, Mexico and South America in the areas of OSHA, MSHA, DOT and EPA.

We strongly believe in instructor led training and are pleased to say that close to 36,000 individuals have trusted ETC Compliance Solutions to provide them with quality EH&S training. We have facilities in Phoenix and Tucson where we hold a regular schedule of Open Enrollment classes.

ETC Compliance Solutions is pleased to partner with ASSE by implementing a program for ASSE Region II Student Members to attend safety and environmental courses in order to enhance the college learning experience. Formalized safety training exposes you to "real world experiences;" enables you to interact with other health and safety professionals; and adds recognized training qualifications to your resumé.

ETC is offering student members of ASSE the opportunity to attend any ETC Open Enrollment course in Phoenix and Tucson at no charge*! There is no limit to the number of courses you may take, as long as you are a verified student and member of the ASSE in Region II.

Our open enrollment schedule is available at www.e-t-c.com.

To register:

- ♦ call the office at 602-923-9673 / 520-321-1999 (you cannot register online)
- ♦ identify yourself as an ASSE student member
- ♦ be prepared to give your ASSE membership number

**Students will be responsible for the cost of regulation books if required or any fee associated with a class. This program excludes IBOEHS Certifications (RSO, RSM and RSM).*
